Profile Summary

A greatly motivated student is looking for a full-time job while still in university and after. During my years of education, it became pretty clear to me that the world is progressively more revolved around computer science than it was in the past. I firmly believe that I can put my expertise to use when it comes to developing, programming and exploring creative ideas and I hope it will help the world become even more advanced in computer science.

Education

Computer Science
University of Debrecen

2020 — 2023

Advanced Computer Science Class
Vasvári Pál High School

2016 — 2020

Interests

In my pastime, I like programming and playing with friends because it helps me improve my communication skills and demands me to work in a group.

For me, learning new concepts and skills is something I thoroughly love. Whether it is about a new game idea or a programming language, I will study it for entertainment if it piques my interest.

Qualifications

I have a wide knowledge in the following programs or programming languages:

- Office 365 (Word, Excel, Access, SharePoint, PowerPoint, Teams)
- Visual Studio Code
- IntelliJ IDEA
- GitHub
- XAMPP
- Jira
- Trello
- Blender
- C++ and JAVA
- C# (Unity)
- HTML, CSS, JavaScript and PHP
- Selenium, Cucumber, Gherkin
- SQL

CERTIPORT Certificate:

- IT Specialist – JavaScript
 - (https://www.credly.com/badges/5202e952-4ea2-4035-8fad-e0bf99005ce0/public_url)

NVIDIA DLI Certificates:

- Accelerating Data Engineering Pipelines
 - (<https://courses.nvidia.com/certificates/8ae59feb2b6948da909a850a72742a09/>)
- Fundamentals of Accelerated Data Science
 - (<https://courses.nvidia.com/certificates/843092d4755f4580badba2ee9c299980/>)

Languages:

- Native language: Hungarian
- B2 Complex in English (Origo) - 2019

Other:

- Driving license (category B)
